

Share a common language and starting point for developing all your employees

Strengthen resources in-house with people who can deliver the Insights message and incorporate this into your people development programs.

The four-day Accreditation teaches practitioners how to deliver Discovery material in a participative and compelling style, as well as gaining an in-depth understanding of the Discovery Personal Profile and how it is interpreted.

Accreditations are run semi-annually in Calgary and Vancouver and across North America.

"After being initially resistant to the idea of the Insights program, my CFO recently told me it was the best money he had EVER invested personally or professionally and insisted that he hand-deliver the cheque."

"Our leadership team reaps the benefits of the investment every day in more efficient meetings, improved collaboration, smoother running projects, better client relations, improved sales effectiveness, and most importantly, a healthier bottom line."

Would it be helpful to have people in-house who can deliver the Insights message and incorporate this into your people development programs?

Imagine if you had a common language and starting point for developing all your employees.

The insights Discovery Accreditation qualifies participants to use the Insights Discovery learning system and the Insights Discovery Personal Profile as part of their in-house learning and development solutions. The four-day Accreditation looks in depth at the Insights Discovery system, the Jungian psychology that underpins it, and how to apply this in a practical way to meet specific learning objectives.

The Accreditation teaches practitioners how to deliver Discovery material in a participative and compelling style, as well as gaining an in-depth understanding of the Discovery Personal Profile and how it is interpreted.

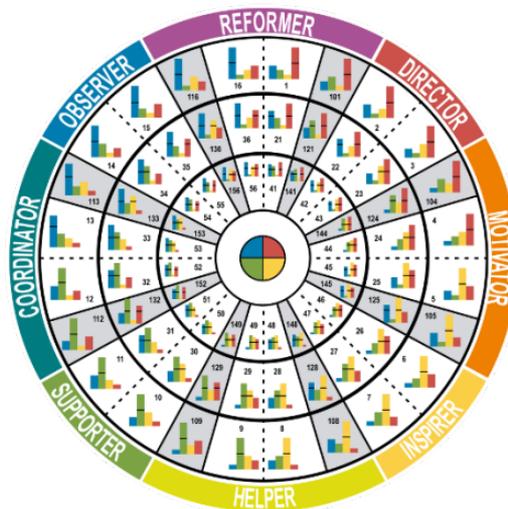

At the end of the program, participants will be confident and competent in their skills and knowledge to deliver Discovery interventions within their organization.

If eight or more individuals from an organization want Accreditation, the program can be adapted for specific customer needs and run internally at a client-chosen venue.

This four day program has been approved for thirty (30) CHRP recertification credits.

The Insights Discovery Wheel

Accreditation Objectives

- Connect with why you are here and what impact you can have as a Discovery practitioner.
- Know enough of the theory to be amazing with Discovery.
- Develop your facilitation and coaching skills with Discovery through experience, practice and reflection.
- Look at how you keep the concepts alive and get started on what else is possible with Discovery.
- Be inspired by the resources, support and possibilities for your ongoing development as a Discovery practitioner.
